## Nyeleti 67 Minutes initiative

Nyeleti staff commemorated Mandela Day on Tuesday, 18 July 2017 and embarked on the 67minutes by packing 46 backpacks for needy children and delivered it to a children's home.

The goal was set to have each division contributing to fill the 46 packs with stationary, toiletries, treats and knitted soft toys made by some of the Nyeleti female staff members.

The divisions can be commended for their enthusiasm, eagerness and passion which was evident as they exceeded all expectations with their donations. This was all done in remembrance of Madiba and to remind each of us to reflect on whether we are living up to his legacy of compassion, forgiveness, love and respect for all people.

We can never do enough for our communities and at Nyeleti we commit and strive to improve the quality of life in the communities among which we live and work. Thank you to all staff members for their generous contributions!
