

NYELETI NEWSFLASH

Another outstanding performance for Nyeleti

Nyeleti was recently presented with The Business Excellence Award at the CESA Aon Excellence Award ceremony in Johannesburg. The CESA Aon awards is an annual event where infrastructure excellence is showcased and recognized. Nyeleti chairman, Abe Thela and CEO, Dr Pine Pienaar, received the award on behalf of Nyeleti at this prestigious event. In his speech, Mr Thela emphasized that it can only be achieved if the whole team works together and therefore the entire Nyeleti team needs a big round of applause! Striving for excellence is a team effort and can only be done if every staff member is continuously improving on the service they deliver. Thus, we consider Nyeleti's biggest asset to be its staff! For the Nyeleti star to keep shining, the boundaries of excellence need to be pushed continuously.

Congratulations and well done to the team, you made us proud!
